As there is a very serious military offensive in the Malakand Division of North West Frontier Province of Pakistan [Swat, Dir, Buner and adjacent locations] is in action. The reason of this serious offensive is to uproot the terrorists and extremism from the region but innocent Pakistani are suffering and are actually being displaced out of that region migrating to safer regions like Mardan, Charsadda and Peshawar. As per different reports, there are about 4 million Internally Displaced Persons (IDPs) because of ongoing Swat conflict and recent Army Operation against Militants in Malakand Division (Swat, Bonier, and Deir).

Pakistan Council for Social Welfare & Human Rights (PCSW&HR) being a rights based humanitarian and development organization, trying its best to help the affected communities due to natural disasters like flood, earthquake etc since its establishment and has been playing its role to minimize the affects of natural disasters.

Pakistan Council for Social Welfare & Human Rights (PCSW&HR) also did various relief activities and played its role to minimize the affects of man-made disaster, which caused the biggest migration of affected Internally Displaced Persons (IDPs). The displaced people have lost their homes, livelihoods, and livestock. Due to worst security, situation women and children are in extreme stress and psychiatric conditions. PCSW&HR made its humble efforts to provide relief to the internally displaced persons in terms of establishment of Tents Village, food, bedding, crockery, water cooler and medicines on 22 June 2009.
